Collection Privée® coupons et tissu au mètre développe plusieurs catalogues et additifs par thème sur interstissloisirscreatifs.com pour coudre, confectionner, imaginer, rêver, styliser et personnaliser.

Le coton est une qualité que nous ne proposons pas volontairement car la culture de celui-ci est grande consommatrice d'eau et nécessite de nombreux traitements chimiques tout au long du processus.

Nous avons fait le choix de matières recyclables pour une longue durée de vie et une tenue des couleurs irréprochable.

Certifiée sans substances dangereuses, les microfibres touché coton de Collection Privée® apporteront à vos créations la douceur, la stabilité dimensionnelle, un entretien facile, une résistance à la traction, à l'abrasion et à la lumière.

Collection Privée® coupons and fabrics by the meter develops several catalogs and additives by theme on interstissloisirscreatifs.com to sew, make, imagine, dream, style and personalize.

Cotton is a quality that we do not voluntarily offer because its cultivation consumes a lot of water and requires many chemical treatments throughout the process.

We have chosen recyclable materials for a long lifespan and flawless color fastness.

Certified without hazardous substances, the microfiber cotton touch fabrics from Collection Privée® will bring softness, dimensional stability, easy care, resistance to traction, abrasion and lightness to your creations.

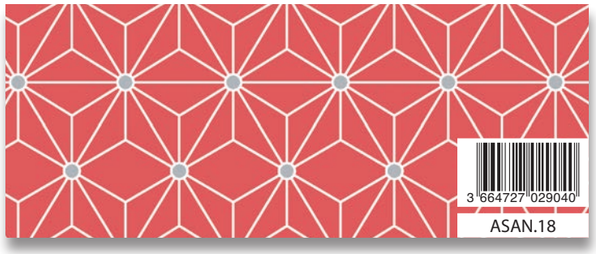

Nous proposons un support microfibre touché coton imputrescible, qui présente une haute résistance à la traction, à l'abrasion mais également à la lumière.
Facile d'entretien et très faible déperdition des coloris dans le temps.

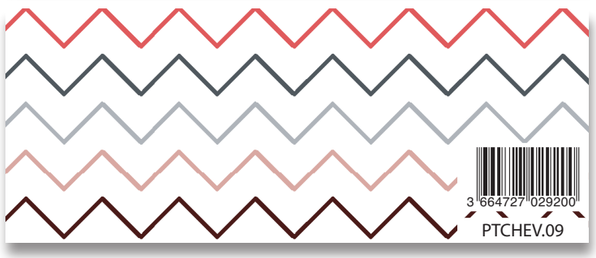

Anti-moisture, cotton touch fiber, with high tearing, abrasion, and light resistance.
Easy to clean and retains colors through time.
